Complaint

NOW COMES Meihua Yan (“Plaintiff”), by and through his undersigned counsel, and hereby brings this Complaint against the Individuals, Partnerships, and Unidentified Associations identified on Schedule A attached hereto (collectively, “Defendants”) and alleges as follows:

Nature of the Action

1. This action has been filed by Plaintiff to combat e-commerce store operators who trade upon Plaintiff’s intellectual property by making, using, offering for sale, selling and/or importing into the United States for subsequent sale or use unauthorized and unlicensed products which infringe Plaintiff’s patented design (the “Infringing Products”).
2. Defendants create fully-interactive, commercial Internet stores operating under at least the online marketplace accounts identified in **Schedule A**, attached hereto (collectively, the “Defendant Online Stores”) that are intentionally designed to appear to be selling genuine Plaintiff Products, while actually making, using, offering for sale, selling, and/or importing into the United States for subsequent sale or use Infringing Products to unknowing consumers.

3. The Defendant Online Stores share identifiers establishing a logical relationship between them, suggesting that Defendants' operation arises out of the same transaction, occurrence, or series of transactions or occurrences.
4. Defendants attempt to avoid and mitigate liability by operating under one or more e-commerce stores to conceal both their identities and the full scope and interworking of their infringing operation. Plaintiff is forced to file this action to combat Defendants' infringement of its patented design, as well as to protect unknowing consumers from purchasing Infringing Products over the Internet.
5. Plaintiff has been and continues to be irreparably damaged from the loss of its lawful patent rights to exclude others from, inter alia, making, using, selling, offering for sale, and importing its patented designs as a result of Defendants' actions and seeks injunctive and monetary relief.

Parties

6. Plaintiff is an individual and Chinese citizen and is the assignee of all rights in and to the Plaintiff Design.
7. Defendants are individuals and business entities who, upon information and belief, reside and/or operate in the People's Republic of China, or other foreign jurisdictions, or redistribute products from the same or similar sources in those locations. Defendants conduct business throughout the United States, including within the State of Illinois and this Judicial District, through the operation of the fully interactive Defendant Online Stores which operate on commercial online marketplaces. Each Defendant targets the United States, including Illinois and this Judicial District, and has offered to sell, and, on information and belief, has

sold and continues to sell Infringing Products to consumers within the United States, including the State of Illinois and this Judicial District.

8. On information and belief, Defendants either individually or jointly, operate the Defendant Online Stores. Tactics used by Defendants to conceal their identities and the full scope of their operation make it virtually impossible for Plaintiff to learn Defendants' true identities and the exact interworking of their network. If Defendants provide additional credible information regarding their identities, Plaintiff will take appropriate steps to amend the Complaint.

Jurisdiction and Venue

9. This Court has subject matter jurisdiction over Plaintiff's claims pursuant to 28 U.S.C. §§ 1331, 1338 (for claims arising under the U.S. Patent Act).
10. Venue is proper in this Court pursuant to 28 U.S.C. § 1391, and this Court may properly exercise personal jurisdiction over Defendants since each of the Defendants directly targets business activities toward consumers in the United States, including Illinois and this Judicial District. Defendants reach out to do business with residents of Illinois and this Judicial District by operating one or more commercial, fully-interactive Defendant Online Stores through which residents of Illinois and this Judicial District can purchase and/or have purchased products being offered and sold featuring Plaintiff's patented design. Each Defendant has targeted sales from residents of Illinois and this Judicial District by setting up and operating one or more Defendant Online Store that accepts payment in U.S. dollars and offers shipping to addresses within Illinois and this Judicial District, and, on information and belief, each Defendant has offered to sell and sold products featuring Plaintiff's patented designs to residents of Illinois. Each Defendant has committed and is committing tortious

acts in Illinois and this Judicial District, is engaging in interstate commerce, and has wrongfully caused Plaintiff substantial injury in the State of Illinois.

Plaintiff's Business

- 11.** Plaintiff is engaged in the design, distribution, marketing, offering for sale, and sale of various industrial designs and consumer products since 2020 (the “Plaintiff Products”) including without limitation faucets.
- 12.** The Plaintiff Products are distributed and sold to consumers throughout the United States, including in Illinois and in this judicial district.
- 13.** Plaintiff Products are known for their distinctive patented design. This design is broadly recognized by consumers. Products tailored after this design (herein referred to as the “Plaintiff Design”) are associated with the quality and innovation that the public has come to expect from Plaintiff Products.
- 14.** Plaintiff is the lawful assignee of all right, title, and interest in and to the Plaintiff Design. Attached hereto as **Exhibit 1** is a true and correct copy of the United States Patent for the Plaintiff Design.

Defendants' Unlawful Conduct

- 15.** Plaintiff has identified numerous fully interactive, ecommerce stores, including the Defendant Online Stores, which are or recently were offering for sale and/or selling Infringing Products to consumers in this judicial district and throughout the United States.
- 16.** Marketplaces like eBay, Wayfair, Walmart, and Amazon, among others, allow merchants to quickly “set up shop” and flood the market with unauthorized goods which displace actual sales manufacturers would otherwise enjoy.

17. It has been estimated that e-commerce intellectual property infringement costs merchants in the U.S. alone nearly \$41 billion¹ with Department of Homeland Security seizures of infringing goods increasing more than 10-fold between 2000 and 2018² and a street value of seized goods increasing 246% from 2017 to 2022.³

18. Infringing and pirated products account for billions in economic losses, resulting in tens of thousands of lost jobs for legitimate businesses and broader economic losses, including lost tax revenue.

19. Third party service providers like those used by Defendants do not adequately subject new sellers to robust verification and confirmation of their identities, allowing infringers to “routinely use false or inaccurate names and addresses when registering with these e-commerce platforms.”⁴

20. DHS has observed that “at least some e-commerce platforms, little identifying information is necessary for [an infringer] to begin selling” and recommending that “[s]ignificantly enhanced vetting of third-party sellers” is necessary. Infringers hedge against the risk of being caught and having their websites taken down from an e-commerce platform by preemptively establishing multiple virtual storefronts.⁵

- 21.** Since platforms generally do not require a seller on a third-party marketplace to identify the underlying business entity, infringers can have many different profiles that can appear unrelated even though they are commonly owned and operated.⁶
- 22.** The success of Plaintiff's sales of the Plaintiff Products has resulted in substantial infringing activity and other attempts to misappropriate Plaintiff's proprietary rights. Plaintiff has policed the use of the Plaintiff Design and has identified many online product listings on marketplaces such as eBay, Walmart and Amazon, and other Internet locations offering for sale and, on information and belief, selling products featuring the Plaintiff Design throughout the United States including this Judicial District.
- 23.** Defendants enable and facilitate the sales of their Infringing Products by setting up and operating commercial, fully interactive, Defendant Online Stores, offering shipping to the United States, including Illinois, accepting payment in U.S. dollars and, on information and belief, offering to sell or selling Infringing Products to residents of Illinois and this judicial district.
- 24.** Defendants collectively employ and benefit from substantially similar advertising and marketing strategies. For example, Defendants facilitate sales by designing the Defendant Online Stores so that they appear to unknowing consumers to be authorized online retailers, outlet stores, or wholesalers. The Defendant Online Stores appear sophisticated and accept payment in U.S. dollars via credit cards, Alipay, Amazon Pay, Western Union and/or PayPal. The Defendant Online Stores often include content and images which make it very difficult for consumers to distinguish such stores from those of an authorized retailer. Plaintiff has

⁶ Id., at p. 39.

not licensed or authorized Defendants to use the Plaintiff Design, and on information and belief none of the Defendants are authorized retailers of genuine Plaintiff Products.

25. On information and belief, Defendants engaged in fraudulent conduct when registering the Defendant Online Stores by providing false, misleading and/or incomplete information to their respective ecommerce platforms. On information and belief, certain Defendants have anonymously registered and maintained the Defendant Online Stores to prevent discovery of their true identities and the scope of their e-commerce operation.
26. Defendants take pains to conceal their identities from the public, almost invariably using meaningless store names and addresses which do not identify Defendants. Defendants may operate several stores simultaneously using fictitious identities such as those listed in Schedule A, as well as other fictitious names and addresses. Moreover, infringers like Defendants will often register or acquire new store accounts under new fictitious names when they receive notice that one or more stores have been subject to law suit which allows them to avoid enforcement efforts and continue offering for sale and selling Infringing Products. The use of these store registration schemes is one of many common tactics used by the Defendants to conceal their identities and the full scope and interworking of their operation, and to avoid being halted.
27. Despite Defendants operating under multiple fictitious names, the Defendant Online Stores bear numerous similarities, such as templates with common design elements that intentionally omit any contact information or other information for identifying Defendants or other stores they operate or use. The Defendant Online Stores include other notable common features, such as use of the same registration patterns, accepted payment methods, check-out methods, keywords, illegitimate search engine optimization (SEO), advertising tactics,

similarities in price and quantities, the same incorrect grammar and misspellings, and/or the use of the same text and product imagery.

- 28.** Infringers like Defendants will typically ship infringing products in small quantities via international mail to mitigate detection by U.S. Customs and Border Protection. Further, they will typically operate multiple credit card merchant accounts or use layers of payment gateways to forestall their cashflow being interrupted due to trademark enforcement efforts. On information and belief, Defendants utilize offshore bank accounts and routinely move funds from U.S.-based merchant accounts (e.g., within China) outside the jurisdiction of this Court.
- 29.** On information and belief, Defendants are in constant communication with each other and regularly participate in QQ.com and WeChat chat rooms and through websites such as sellerdefense.cn, kaidianyo.com, and kuajingvs.com regarding tactics for operating multiple accounts, evading detection, pending litigation, and potential new lawsuits.
- 30.** On information and belief, Defendants maintain offshore bank accounts and regularly move funds from their financial accounts to offshore bank accounts outside the jurisdiction of this Court and will do so to avoid payment of any monetary judgment awarded to Plaintiff by this Court.
- 31.** On information and belief, Defendants are an interrelated group of infringers working in active concert to knowingly and willfully manufacture, import, distribute, offer for sale, and sell Infringing Products in the same transaction, occurrence, or series of transactions or occurrences. Defendants, without any authorization or license from Plaintiff, have knowingly and willfully offered for sale, sold, and/or imported into the United States for subsequent resale or use products that infringe directly and/or indirectly the Plaintiff

Design. Each Defendant Online Store offers shipping to the United States, including Illinois and this Judicial District, and on information and belief, each Defendant has offered to sell or sold Infringing Products into the United States and Illinois, including this Judicial District, over the internet.

32. Defendants' infringement of the Plaintiff Design in the making, using, offering for sale, selling, and/or importing into the United States for subsequent sale or use of the Infringing Products was willful.

33. Defendants' infringement of the Plaintiff Design in connection with the making, using, offering for sale, selling, and/or importing into the United States for subsequent sale or use of the Infringing Products, including the making, using, offering for sale, selling, and/or importing into the United States for subsequent sale or use of Infringing Products into Illinois, including this judicial district, is irreparably harming Plaintiff.

Count I – Patent Infringement (25 U.S.C. § 271)

34. Plaintiff repeats and realleges the allegations of Paragraphs 1 – 33 as if fully set forth herein.

35. Defendants are making, using, offering for sale, selling, and/or importing into the United States for subsequent sale or use Infringing Products that infringe directly and/or indirectly the ornamental design claimed in Plaintiff Design.

36. Defendants have infringed Plaintiff Design through the aforesaid acts and will continue to do so unless enjoined by this Court. Defendants' wrongful conduct has caused Plaintiff to suffer irreparable harm resulting from the loss of its lawful patent rights to exclude others from making, using, selling, offering for sale, and importing the patented invention. Plaintiff is entitled to injunctive relief pursuant to 35 U.S.C. § 283.

37. Plaintiff is entitled to recover damages adequate to compensate for the infringement,

including Defendants' profits pursuant to 35 U.S.C. § 289. Plaintiff is entitled to recover any other damages as appropriate pursuant to 35 U.S.C. § 284.

WHEREFORE, Plaintiff prays for judgment against Defendants as follows:

- A.** That Defendants, their affiliates, officers, agents, servants, employees, attorneys, confederates, and all persons acting for, with, by, through, under or in active concert with them be permanently enjoined and restrained from:
 - a.** making, using, offering for sale, selling, and/or importing into the United States for subsequent sale or use any products not authorized by Plaintiff and that include any reproduction, copy or colorable imitation of the designs claimed in the Plaintiff Design;
 - b.** aiding, abetting, contributing to, or otherwise assisting anyone in infringing upon the Plaintiff Design; and
 - c.** effecting assignments or transfers, forming new entities or associations or utilizing any other device for the purpose of circumventing or otherwise avoiding the prohibitions set forth in Subparagraphs (a) and (b).
- B.** Entry of an Order that, upon Plaintiff's request, those with notice of the injunction, including, without limitation, any online marketplace platforms such as Amazon, Wish, eBay, and Walmart (collectively, the "Third Party Providers") shall disable and cease displaying any advertisements used by or associated with Defendants in connection with the sale of goods that infringe the ornamental designs claimed in the Plaintiff Design;
- C.** That Plaintiff be awarded such damages as it shall prove at trial against Defendants that are adequate to compensate Plaintiff for Defendants' infringement of the Plaintiff Design, but in

no event less than a reasonable royalty for the use made of the inventions by the Defendants, together with interest and costs, pursuant to 35 U.S.C. § 284;

- D.** That the amount of damages awarded to Plaintiff to compensate it for infringement of the Plaintiff Design be increased by three times the amount thereof, as provided by 35 U.S.C. § 284;
- E.** In the alternative, that Plaintiff be awarded all profits realized by Defendants from their infringement of the Plaintiff Design, pursuant to 35 U.S.C. § 289;
- F.** That Plaintiff be awarded its reasonable attorneys' fees and costs; and
- G.** Award any and all other relief that this Court deems just and proper.
